Correction: Ag⁺-induced photoluminescence enhancement in lanthanide post-functionalized MOFs and Ag⁺ sensing

Nana Sun and Bing Yan*

The authors would like to replace Fig. 2 in their article with the amended version shown below to correct an error in the published version.

![Excitation and emission spectrum of Eu-MIL-61. The inset is the corresponding luminescence picture under UV-light irradiation of 314 nm and CIE chromaticity diagram (x = 0.6078, y = 0.3422).](image)

Fig. 2  Excitation and emission spectrum of Eu-MIL-61. The inset is the corresponding luminescence picture under UV-light irradiation of 314 nm and CIE chromaticity diagram (x = 0.6078, y = 0.3422).

This change does not affect the discussion or conclusions in the article.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
