## Correction: Dietary fucoidan modulates the gut microbiota in mice by increasing the abundance of *Lactobacillus* and *Ruminococcaceae*

Qingsen Shang,  $^{a,b}$  Xindi Shan,  $^{a,b}$  Chao Cai,  $^{a,b}$  Jiejie Hao,  $^{a,b}$  Guoyun Li $^{a,b}$  and Guangli Yu $^{*a,b}$ 

DOI: 10.1039/c7fo90052j

Correction for 'Dietary fucoidan modulates the gut microbiota in mice by increasing the abundance of *Lactobacillus* and *Ruminococcaceae*' by Qingsen Shang et al., Food Funct., 2016, **7**, 3224–3232.

In the original manuscript, Fig. 6 contained an error. The correct figure and caption are as follows:

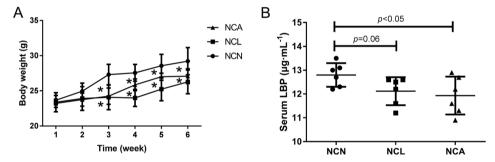

Fig. 6 Growth performance (A) and serum LBP level (B) of mice in response to dietary fucoidan. \*p < 0.05 versus the NCN group.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
