Correction for 'Fluorido-bridged robust metal–organic frameworks for efficient C₂H₂/CO₂ separation under moist conditions' by Yi-Ming Gu *et al.*, *Chem. Sci.*, 2023, <https://doi.org/10.1039/d2sc06699h>.

The name of the third author, Cailing Chen, was spelled incorrectly in the original version of this manuscript. This correction notes that the author is Cailing Chen and replaces the original authorship list.

Within the Results and discussion section of the manuscript, the sentence “As shown in Fig. 1d and e, the ordered structure of DNF-9(Fe) was observed by high resolution transmission electron microscopy (HRTEM)” is incorrect as the MOF studied is DNL-9(Fe). The corrected sentence is as follows:

“As shown in Fig. 1d and e, the ordered structure of DNL-9(Fe) was observed by high resolution transmission electron microscopy (HRTEM)”.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
