The funding information in the Acknowledgements section was displayed incorrectly. The correct funding information is shown here.

The authors gratefully acknowledge financial support by the National Science Fund of Bulgaria under grant KP-06-COST/10 (2023) in the framework of the COST Action CA21126 NanoSpace. This article is based upon work from COST Action CA21126 - Carbon molecular nanostructures in space (NanoSpace), supported by COST (European Cooperation in Science and Technology). HAA is grateful to the European Union-NextGenerationEU, through the National Recovery and Resilience Plan of the Republic of Bulgaria, project No BG-RRP-2.004-0008 for the financial support.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
