Correction for 'Photochromic spiropyran- and spirooxazine-homopolymers in mesoporous thin films by surface initiated ROMP' by F. Krohm *et al.*, *J. Mater. Chem. C*, 2016, DOI: 10.1039/c5tc04054j.

An important reference was not cited in this article to acknowledge the work of D. J. Babu *et al.*¹ in developing the CO₂ plasma protocol that was used to treat the samples in this work. The authors of the article in *J. Mater. Chem. C* would also like to add D. J. Babu as a named co-worker to the acknowledgments with the revised text given below.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.

Acknowledgements

We gratefully acknowledge Heike Herbert for GPC measurements and the NMR service of the Chemistry Department at the Technische Universität Darmstadt for routine NMR spectral measurements. This work was financially supported by Fonds der Chemischen Industrie, Boehringer Ingelheim Stiftung, Adolf-Messer-Stiftung, the European Research Council (ERC starting grant No. 257041) and Landes-Offensive zur Entwicklung wissenschaftlich-ökonomischer Exzellenz (LOEWE) of the State of Hessen through the research initiative "Soft Control". We also acknowledge that the CO₂ plasma experiments were performed by D. J. Babu in the group of Prof. J. J. Schneider at TU Darmstadt.
