Correction: Acid-labile boronate-bridged dextran–bortezomib conjugate with up-regulated hypoxic tumor suppression

Weiguo Xu, Jianxun Ding,* Lingyu Li, Chunsheng Xiao, Xiuli Zhuang and Xuesi Chen

The annotation in Fig. 3A was incorrect, and the unit of the half-maximal inhibitory concentration (IC50) in Fig. 3B was wrong. The correct version of Fig. 3 is shown below.

![Fig. 3](image-url)  

*Fig. 3  In vitro cytotoxicities (A) and IC50s (B) of Dex–BTZ and BTZ after incubation for 48 h toward HepG2 cells. The data were presented as mean ± standard deviation (n = 3, *p < 0.05, †p < 0.001).
In addition, the unit for the IC₅₀ values stated in lines 5 and 7 of the right column of page 3 is incorrectly displayed as “nM”. The correct unit is “µM”.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
