The authors regret that the funding information given in the Acknowledgements section of the main article was incorrect. The correct funding information is detailed below:

The authors thank the National Natural Science Foundation of China (21961030), Yunnan Province Thousand Youth Talents Plan, the Application Basis Research Project of Yunnan Province Science and Technology Department (2017FD144) and Program of innovative research team (in science and technology) in University of Yunnan Province for providing the financial support.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
