Correction: A facile and efficient synthesis of functionalized 4-oxo-2-(phenylimino)thiazolidin-5-ylideneacetate derivatives via a CuFe₂O₄ magnetic nanoparticles catalyzed regioselective pathway

Gargi Pal, Sanjay Paul and Asish R. Das*

The single-crystal X-ray crystallographic studies of products 4e and 4f indicate that the structures of the compounds (4a–l) in the manuscript and supporting information should be represented as:

![Chemical structure](image)

The authors apologise for the mistake. The supporting information was updated on 28th August 2014. The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
