## Correction: An alternative to trial and error methodology in solid phase extraction: an original automated solid phase extraction procedure for analysing PAHs and PAH-derivatives in soot

Auréa Andrade-Eiroa,\* Roya Shahla, Manolis N. Romanías and Philippe Dagaut

Correction for 'An alternative to trial and error methodology in solid phase extraction: an original automated solid phase extraction procedure for analysing PAHs and PAH-derivatives in soot' by Auréa Andrade-Eiroa *et al.*, *RSC Adv.*, 2014, **4**, 33636–33644.

All instances of  $\Delta\varepsilon$  (also  $\Delta\varepsilon_{\text{crit}}$ ) in the text should be written as follows:  $|\Delta\varepsilon|$  (that is, between absolute value symbols).

In ref. 19 (A. Andrade-Eiroa, T. Le-Cong, M. Nguyen and P. Dagaut, *CheM*, 2011, **1**, 62), the journal title should be *CheM* instead of *Chemistry*.

Note to readers: flow is passed against gravity through the silica commercial column by using a HPLC pump.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
