Owing to errors made by the editorial office during the production of this Communication, this Correction is necessary to address the following mistakes:

First, on page 1, column 2 in the paragraph beginning "Herein, we report. . ." the citations in the sentence "In contrast to our previous convergent approach,^{10–13} . . ." should be citations to ref. 11–13 and the sentence should read "In contrast to our previous convergent approach,^{11–13} . . ."

Second, on page 2, column 2 at the end of the paragraph beginning "Next, we pursued. . ." in the sentence beginning "We noted that. . ." the compound name "triterpeneazidogalactose alcohol" should be written as "triterpene-azidogalactose alcohol" to correctly reflect the chemical structure.

Finally, the published ref. 6(b) is already cited in ref. 3 and should instead be replaced with the following:

"(b) S. Kamstrup, R. San Martin, A. Doberti, H. Grande and K. Daalgaard, *Vaccine*, 2000, 18, 2244."

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
