Correction for 'Design, synthesis, and evaluation of semi-conservative mono-carbonyl analogs of curcumin as anti-inflammatory agents against lipopolysaccharide-induced acute lung injury' by Lili Dong et al., *Med. Chem. Commun.*, 2015, 6, 1544.

The authors regret the following errors in Fig. 1.

For 1: R = 3-indolyl should be changed to R = 1*H*-indol-2-yl.

For 3: R = 3-pyrrolopyrimidine should be changed to R = 1*H*-pyrrolo[2,3-*b*]pyridin-3-yl.

For 5 and 16: R = 6-bromo-1,3-dihydroisobenzofuran-5-yl should be changed to R = 6-bromobenzo[*d*][1,3]dioxol-5-yl.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
