DOI: 10.1039/c4np90042a

[www.rsc.org/npr](http://www.rsc.org/npr)Correction for 'Synthetic chemistry fuels interdisciplinary approaches to the production of artemisinin' by Michael A. Corsello *et al.*, *Nat. Prod. Rep.*, 2015, DOI: 10.1039/c4np00113c.

Due to a production error, in section 6 in the sentence that reads "First, it lowered cost based on the replacement of Wilkinson's catalyst with a more efficient rhenium catalyst", "rhenium" should be "ruthenium".

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
