Correction for 'Enhanced photoelectrochemical water oxidation *via* atomic layer deposition of TiO<sub>2</sub> on fluorine-doped tin oxide nanoparticle films' by Isvar A. Cordova, *et al.*, *Nanoscale*, 2015, 7, 8584–8592.

The authors wish to replace the Acknowledgements section in the original paper with the following paragraph:

"This work was performed with financial support from RTI International and the Research Triangle Solar Fuels Institute. The authors acknowledge the support of the UNC EFRRC Center for Solar Fuels, an Energy Frontier Research Center funded by the U.S. Department of Energy, Office of Science, Office of Basic Energy Sciences under Award Number DE-SC0001011, only for access to a Cary 5000 UV-Vis spectrometer with the DRA-2500 internal integrating sphere accessory instrumentation. The authors would like to acknowledge the assistance of Dr Charles B. Parker, James B. Thostenson, Shane T. DiDona, Matthew K. Brennaman, and the staff of the Duke Shared Materials Instrumentation Facility throughout this study."

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
