Correction: Influence of a non-dairy probiotic matrix based on wheat bran and soybean meal on lactic acid bacteria growth

Ruohua Zhang, Miao Wang* and Weilin Zhou

Correction for 'Influence of a non-dairy probiotic matrix based on wheat bran and soybean meal on lactic acid bacteria growth' by Ruohua Zhang *et al.*, *RSC Adv.*, 2015, 5, 9167–9172.

In Section 3.3, the sentence "After LAB fermentation, the viable bacterial count reduced with the decrease of the phytic acid content as a whole" is incorrect and should read: "After LAB fermentation, the viable bacterial count increased with the decrease of the phytic acid content as a whole" ('reduced' is replaced by 'increased').

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
