Correction: Application of chiral ligands: carbohydrates, nucleoside-lanthanides and other Lewis acid complexes to control regio- and stereoselectivity of the dipolar cycloaddition reactions of nitrile oxides and esters

Miroslaw Gucma, W. Marek Gołębiewski* and Maria Krawczyk

Correction for 'Application of chiral ligands: carbohydrates, nucleoside-lanthanides and other Lewis acid complexes to control regio- and stereoselectivity of the dipolar cycloaddition reactions of nitrile oxides and esters' by Miroslaw Gucma *et al.*, RSC Adv., 2015, 5, 13112–13124.

The authors regret the errors in some of the chemical structures in Fig. 1. The corrected Fig. 1 is shown below:

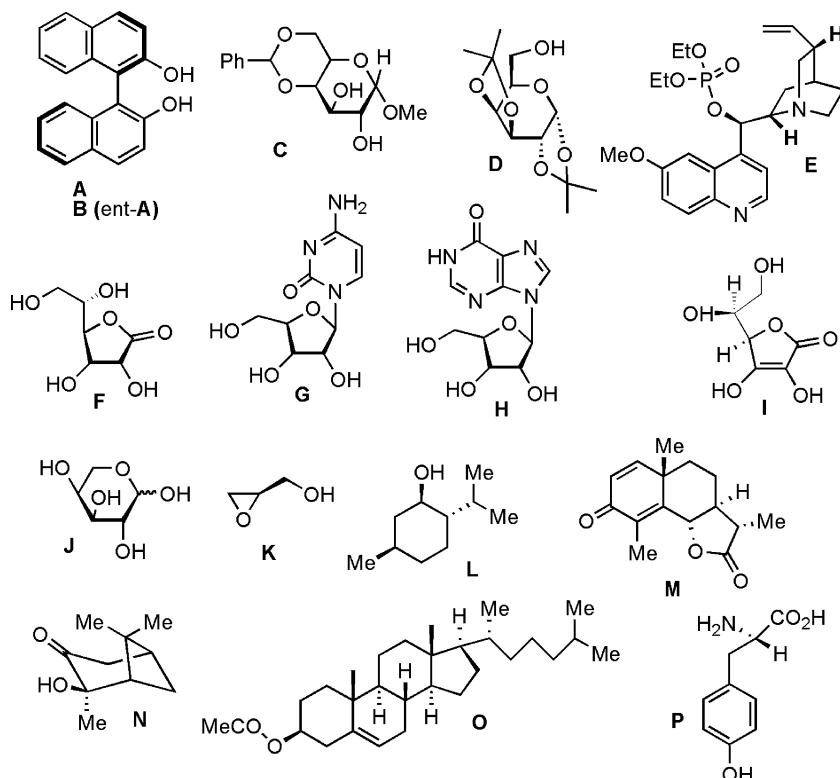

Fig. 1 Chiral ligands used in nitrile oxides 1,3-dipolar cycloaddition reactions.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
