## Correction: Vertical sidewall electrodes monolithically integrated into 3D glass microfluidic chips using water-assisted femtosecond-laser fabrication for *in situ* control of electrotaxis

Jian Xu,<sup>\*a</sup> Dong Wu,<sup>a</sup> Joanna Y. Ip,<sup>b</sup> Katsumi Midorikawa<sup>a</sup> and Koji Sugioka<sup>\*a</sup>

Correction for 'Vertical sidewall electrodes monolithically integrated into 3D glass microfluidic chips using water-assisted femtosecond-laser fabrication for *in situ* control of electrotaxis' by Jian Xu et al., RSC Adv., 2015, 5, 24072–24080.

In the footnote giving details of the electronic supplementary information on page 1 of the original paper, the sentence 'A movie of the *in situ* control of electrotaxis of *C. elegans* and subsequent electroless plating of sidewalls using an electrofluidic device' should read 'A movie of the *in situ* control of electrotaxis of *C. elegans* using an electrofluidic device'.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
