Correction: Synergistic effect of carbon fibers and carbon nanotubes on improving thermal stability and flame retardancy of polypropylene: a combination of a physical network and chemical crosslinking

Jiang Gong,ab Ran Niu,ab Xin Wen,a Hongfan Yang,ab Jie Liu,a Xuecheng Chen,ac Zhao-Yan Sun,a Ewa Mijowska c and Tao Tang*a

The authors declare that the funding body attributed with supporting the work reported in the original manuscript through grant no. 2011/03/D/ST5/06119 was inaccurately recognised in the Acknowledgements section. The funding details were incorrectly presented as ‘Polish Foundation (no. 2011/03/D/ST5/06119)’, and should instead have been ‘The National Science Centre (no. 2011/03/D/ST5/06119)’.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
