The authors declare that the funding body attributed with supporting the work reported in the original manuscript through grant no. 2011/03/D/ST5/06119 was inaccurately recognised in the Acknowledgements section. The funding details were incorrectly presented as 'Polish Foundation (no. 2011/03/D/ST5/06119)', and should instead have been 'The National Science Centre (no. 2011/03/D/ST5/06119)'.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
