Correction for 'Chemical grafting of multi-walled carbon nanotubes on metal phthalocyanines for the preparation of nanocomposites with high dielectric constant and low dielectric loss for energy storage application' by Xuefeng Li *et al.*, *RSC Adv.*, 2015, 5, 51542–51548.

The authors regret that an incorrect version of Fig. 6 was presented in the original article, in which the labels for parts (a)–(c) were shown out of order. The correct version of Fig. 6 is presented below.

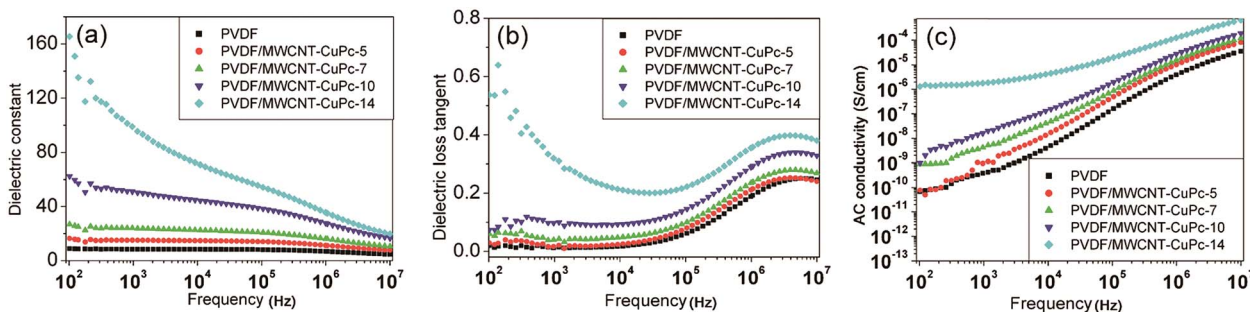

Fig. 6 Frequency-dependent dielectric constant (a), dielectric loss tangent (b), and electrical conductivity (c) of the composites as a function of the MWCNTs-CuPc loading.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
