Correction for 'Molecularly imprinted fluorescent chemosensor synthesized using quinoline-modified- β -cyclodextrin as monomer for spermidine recognition' by Yang Cheng *et al.*, *RSC Adv.*, 2015, 5, 55066–55074.

The legend is missing in the caption of Fig. 4 in the original article. The correct figure and caption are shown below.

Fig. 4 Schematic demonstration of molecular imprinting for the receptor construction and re-binding of spermidine giving fluorescence signal. = quinoline group.
