Correction for 'Differential effects of p38 and JNK activation by GSK3 on cadmium-induced autophagy and apoptosis' by Ki-Tae Jung *et al.*, *Toxicol. Res.*, 2015, **4**, 976–985.

In the originally published article there was a mistake in the authorship concerning the first two authors, Ki-Tae Jung, Hak-Ryul Kim. We would like to declare that these authors contributed equally to this work and should be considered as co-first authors.

Also, there is an error in the title where 'GSK3' is incorrect and should read 'GSK3 $\alpha\beta$ '.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
