Correction for 'Facilitated carbon dioxide reduction using a Zn(II) complex' by Elizabeth S. Donovan *et al.*, *Chem. Commun.*, 2016, DOI: 10.1039/c5cc07318a.

In the abstract of the manuscript, the name of compound 2 was displayed incorrectly. The name of this compound should be

"dichlorobis[diphenyl-(2-pyridyl)phosphine- κ^1 -N]zinc(II)" rather than "dichloro[diphenyl-(2-pyridyl)phosphine- κ^1 -N]zinc(II)".

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
