Correction: Characteristics and reactivity of ruthenium–oxo complexes

Tomoya Ishizuka, Hiroaki Kotani and Takahiko Kojima*

The authors regret that eqn (4) in the above article contains a typographical error. The enthalpy change ($\Delta H^\circ$) in the equation should be the difference between BDE$_{\text{C-H}}$ of substrate and BDE$_{\text{O-H}}$ of oxidant. The correct equation is shown below. This correction does not affect the discussion or conclusions of the original article.

$$\Delta H^\circ = \text{BDE}_{\text{C-H}} \text{ of substrate} - \text{BDE}_{\text{O-H}} \text{ of oxidant} \quad (4)$$

The Royal Society of Chemistry apologises for this error and any consequent inconvenience to authors and readers.
