Correction: Photosynthetic production of ethanol from carbon dioxide in genetically engineered cyanobacteria

Zhengxu Gao,^{ab} Hui Zhao,^a Zhimin Li,^a Xiaoming Tan^a and Xuefeng Lu^{*a}

DOI: 10.1039/c5ee90067k

Correction for 'Photosynthetic production of ethanol from carbon dioxide in genetically engineered cyanobacteria' by Zhengxu Gao *et al.*, *Energy Environ. Sci.*, 2012, 5, 9857–9865.

www.rsc.org/ees

After publication, the authors noticed an accidental error existing in Fig. 4(D) of the article, in which they mistakenly labeled the units of the Y-axis (Enzyme Activity) with “ $\mu\text{mol min}^{-1} \text{mg}^{-1}$ ”. The units should be corrected to “ $\mu\text{mol min}^{-1} \text{g}^{-1}$ ”. The outcome, analysis, and interpretations of the experiments and theories described in the original publication are not affected by this change in any manner or degree. The authors sincerely apologize for any inconvenience caused by this error.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
