Correction: Effect of dibucaine hydrochloride on raft-like lipid domains in model membrane systems

Kazunari Yoshida,*a Akito Takashimab and Izumi Nishiob

DOI: 10.1039/c6md90014c

www.rsc.org/medchemcomm

Correction for 'Effect of dibucaine hydrochloride on raft-like lipid domains in model membrane systems' by Kazunari Yoshida et al., MedChemComm, 2015, 6, 1444-1451.

The authors regret that in the second line of Section 2.1 Materials (page 1445), the melting temperature of DPPC is shown incorrectly as -41 °C. It should be 41 °C.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
