Correction: Core-shell Zn_2GeO_4 nanorods and their size-dependent photoluminescence properties

Songping Wu,^{*a} Zhuolin Wang,^a Xin Ouyang^a and Zhiqun Lin^{*b}

Correction for 'Core-shell Zn_2GeO_4 nanorods and their size-dependent photoluminescence properties' by Songping Wu et al., *Nanoscale*, 2013, **5**, 12335–12341.

The authors wish to amend Fig. 5(e) in the original paper. The correct version of Fig. 5 is as follows:

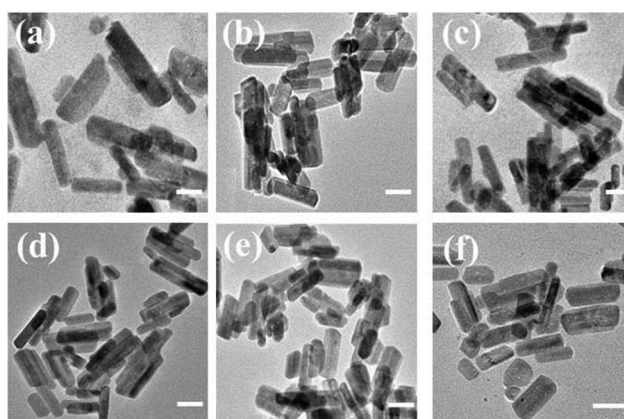

Fig. 5 TEM images of Zn_2GeO_4 nanorods synthesized at different weight ratios of $\text{Wt}_{\text{CTAB}}/\text{Wt}_{\text{Zn}_2\text{GeO}_4}$: (a) 0, (b) 0.5, (c) 1.0, (d) 2.0, (e) 3.0, and (f) 4.0. Scale bars = 50 nm in all TEM images.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
