Correction for ' γ -Radiation fabrication of porous permutite/carbon nanobeads/alginate acid nanocomposites and their adsorption properties for Cs^+ ' by Ling Chang *et al.*, *RSC Adv.*, 2016, 6, 86829–86835.

The correct structure formula of alginate acid is shown at the bottom of Fig. 1 (and also for the contents illustration).

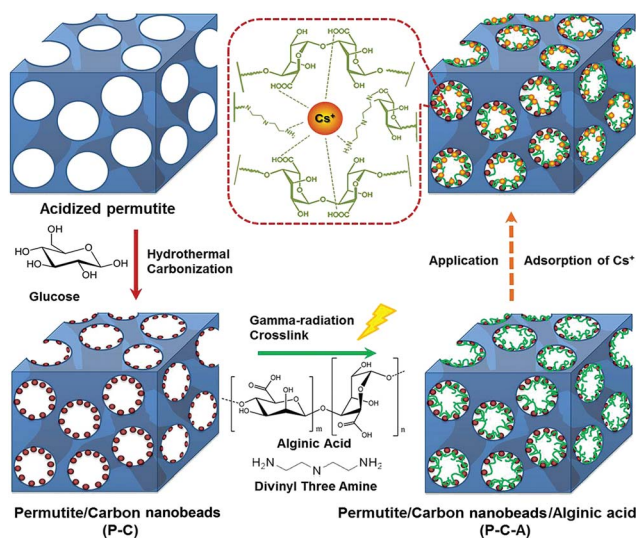

Fig. 1 Fabrication strategy and mechanism of porous permutite/carbon nanobeads/alginate acid nanocomposites for Cs^+ adsorption.
