Correction for 'Self-assembly of a space-tessellating structure in the binary system of hard tetrahedra and octahedra' by A. T. Cadotte *et al.*, *Soft Matter*, 2016, DOI: 10.1039/c6sm01180b.

The authors would like to correct an error in the published Acknowledgements. The Acknowledgements section should read as below:

We thank Erin G. Teich for helping with the analysis of polycrystalline structures within the simulation data. This material is based on work supported by the National Science Foundation, Division of Materials Research, Awards # DMR 1120923 and # DMR 1411014 (A. C.). J. D. acknowledges support through the Early Postdoc.Mobility Fellowship from the Swiss National Science Foundation, grant number P2EZP2_152128. P. F. D. acknowledges support from the University of Michigan Rackham Pre-doctoral Fellowship Program. This research used the Extreme Science and Engineering Discovery Environment (XSEDE), which is supported by National Science Foundation grant number ACI-1053575 (XSEDE award DMR 140129), and local computational resources supported by Advanced Research Computing at the University of Michigan, Ann Arbor.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
