Correction: Nanoparticles of $\text{Cu}_2\text{ZnSnS}_4$ as performance enhancing additives for organic field-effect transistors

Punarja Kevin,^a Mohammad Azad Malik,^b Paul O'Brien,^{ab} Joseph Cameron,^c Rupert G. D. Taylor,^c Neil J. Findlay,^c Anto R. Inigo^c and Peter J. Skabara^{*c}

Correction for 'Nanoparticles of $\text{Cu}_2\text{ZnSnS}_4$ as performance enhancing additives for organic field-effect transistors' by Punarja Kevin et al., *J. Mater. Chem. C*, 2016, DOI: 10.1039/c6tc01650b.

On the third page of this article there is an additional, erroneous value included in the list of *d*-spacings and 69.34 should not appear. The correct sentence is as follows: "The p-XRD pattern (Fig. 1) of the sample prepared at 220 °C for 1 hour shows main peaks at *d*-spacings of: 3.14, 2.73, 1.92, 1.64, 1.35 and 1.24 for the (112), (200), (204), (312), (400) and (316) spacings of kesterite CZTS (ICDD: 04-015-0223)."

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
