# Correction: Self-supported Co<sub>3</sub>O<sub>4</sub> nanoneedle arrays decorated with PPy via chemical vapor phase polymerization for high-performance detection of trace Pb<sup>2+</sup>

Wenjing Wang, Chao Wang, Peng Dou, Lifang Zhang, Jiao Zheng, Zhenzhen Cao and Xinhua Xu\*

Correction for 'Self-supported Co<sub>3</sub>O<sub>4</sub> nanoneedle arrays decorated with PPy via chemical vapor phase polymerization for high-performance detection of trace Pb<sup>2+</sup>' by Wenjing Wang *et al.*, *Anal. Methods*, 2017, 9, 1905–1911.

On page 1908 the incorrect BET data is reported.

- The correct Fig. 6 is below.

Fig. 6 Nitrogen adsorption-desorption isotherms of Co<sub>3</sub>O<sub>4</sub> NAs@PPy. Inset: the pore size distribution of Co<sub>3</sub>O<sub>4</sub> NAs@PPy. In the paragraph beginning 'BET specific surface area analysis...':

- the BET specific surface area value should be 104.53 m<sup>2</sup> g<sup>-1</sup>, and not 206.03 m<sup>2</sup> g<sup>-1</sup>.
- the pore size should be 6.8 nm, and not 5.3 nm.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
