 Correction for 'Tuning ethylene gas adsorption via metal node modulation: Cu-MOF-74 for a high ethylene deliverable capacity' by Yijun Liao *et al.*, *Chem. Commun.*, 2017, **53**, 9376–9379.

The acknowledgements section for this paper was inadvertently omitted and is reproduced below:

The authors gratefully acknowledge the support from the U.S. DOE, Office of Science, Basic Energy Sciences Program (Grant DE-FG02-08ER15967). This work made use of the J. B. Cohen X-Ray Diffraction Facility supported by the MRSEC program of the National Science Foundation (DMR-1121262) at the Materials Research Center of Northwestern University and the Soft and Hybrid Nanotechnology Experimental (SHyNE) Resource (NSF NNCI-1542205). This work also made use of the Keck-II facilities (NUANCE CenterNorthwestern University), which received support from the MRSEC program (NSF DMR-1121262) at the Materials Research Center; the International Institute for Nanotechnology (IIN); and the State of Illinois, through the IIN.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
