Correction: Synthesis and characterization of boron and nitrogen co-doped diamond crystals under high pressure and high temperature conditions

Meihua Hu,^{*a} Ning Bi,^b Shangsheng Li,^a Taichao Su,^a Qiang Hu,^c Hongan Ma^d and Xiaopeng Jia^d

Correction for 'Synthesis and characterization of boron and nitrogen co-doped diamond crystals under high pressure and high temperature conditions' by Meihua Hu *et al.*, *CrystEngComm*, 2017, 19, 4571–4575.

The authors regret an error in the published version of Fig. 2 of the above paper. The unit scale shown in the figure should be 1 mm and not 1 cm. The correct version of Fig. 2 is shown below as used for the discussion section which remains unaltered.

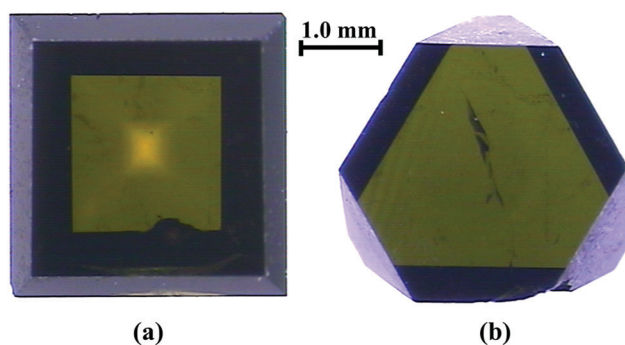

Fig. 2 Optical images of the B–N co-doped diamond crystals: (a) (100) crystal face and (b) (111) crystal face.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
