Correction: Hypercrosslinked porous polymer materials: design, synthesis, and applications

Liangxiao Tan and Bien Tan*

Correction for 'Hypercrosslinked porous polymer materials: design, synthesis, and applications' by Liangxiao Tan *et al.*, *Chem. Soc. Rev.*, 2017, DOI: 10.1039/c6cs00851h.

The authors regret that the statement "Wood and co-workers further investigated the physical aging behavior. . ." in section 3.3 **2D membranes** incorrectly implies that the work of Wood and co-workers follows on from the research of Cooper *et al.* The work of Wood and co-workers was published prior to the work of Cooper *et al.*

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
