Correction for 'Diiridium(III) complexes: luminescent probes and sensors for G-quadruplex DNA and endoplasmic reticulum imaging' by Tikum Florence Anjong *et al.*, *New J. Chem.*, 2017, **41**, 377–386.

The authors wish to highlight several previous studies,^{1–5} which should have been cited in the Introduction of this *New Journal of Chemistry* paper. These references describe the use of inorganic compounds based on the G-quadruplex structure for DNA binding and detection.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
