Correction for 'DBU-catalyzed biobased poly(ethylene 2,5-furandicarboxylate) polyester with rapid melt crystallization: synthesis, crystallization kinetics and melting behavior' by Jiaping Wu *et al.*, *RSC Adv.*, 2016, 6, 101578–101586.

The authors regret that the chemical structure in Fig. 1 is incorrect. The corrected figure, in which CH–OH bonds have been corrected to C=O bonds, tetrahydrofuran rings have been corrected to furan rings, and a missed carbonyl oxygen atom was added, is presented herein.

Fig. 1 <sup>1</sup>H NMR spectrum (400 MHz, d<sub>1</sub>-TFA, 25 °C) of PEF (sample no. 5 in Table 1). The spin side bands are marked as "x".<sup>43</sup>

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
