Correction for 'Novel approach to synthesizing polymer-functionalized  $\text{Fe}_3\text{O}_4/\text{SiO}_2\text{-NH}_2$  via an ultrasound-assisted method for catalytic selective oxidation of alcohols to aldehydes and ketones in a DMSO/water mixture' by Mahsa Dehghan *et al.*, *RSC Adv.*, 2015, 5, 92335–92343.

The authors regret that the XRD pattern (a) in Fig. 2, which duplicates data presented in Fig. 1 of ref. 1 for  $\text{Fe}_3\text{O}_4/\text{SiO}_2\text{-FLU}$  NPs, was published in error. A new version of Fig. 2 with the correct XRD pattern for  $\text{Fe}_3\text{O}_4/\text{SiO}_2/\text{PATL}$  is shown below. The replacement XRD pattern has been reviewed by a subject specialist from our team of associate editors who has found that the overall conclusions and scientific findings in the paper remain valid.

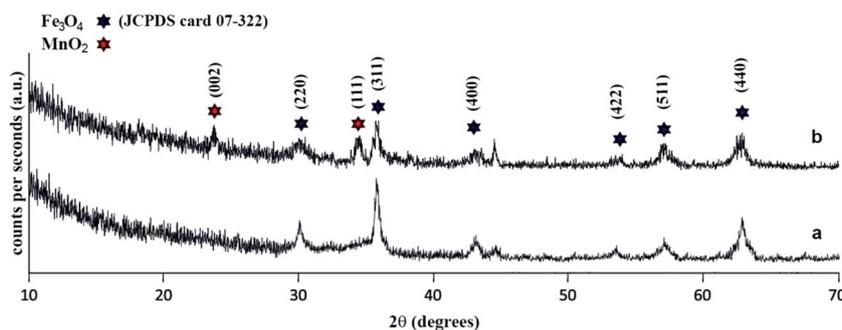

Fig. 2 XRD patterns of (a)  $\text{Fe}_3\text{O}_4/\text{SiO}_2/\text{PATL}$  and (b)  $\text{Fe}_3\text{O}_4/\text{SiO}_2/\text{PATL}/\text{MnO}_2$ .

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
