# Correction: Effect of graphene oxide on anticorrosion performance of polyelectrolyte multilayer for 2A12 aluminum alloy substrates

 Xia Zhao,<sup>\*a</sup> Zuquan Jin,<sup>\*b</sup> Binbin Zhang,<sup>a</sup> Xiaofan Zhai,<sup>a</sup> Shuan Liu,<sup>c</sup> Xiaolin Sun,<sup>ab</sup> Qingjun Zhu<sup>a</sup> and Baorong Hou<sup>a</sup>

 Correction for 'Effect of graphene oxide on anticorrosion performance of polyelectrolyte multilayer for 2A12 aluminum alloy substrates' by Xia Zhao *et al.*, *RSC Adv.*, 2017, 7, 33764–33774.

There were errors in eqn (4) and (5) in the original article. The corrected equations, in which the second instance of  $n_2$  has been corrected to  $n_3$ , are provided herein.

$$Z_2 = R_s + \frac{1}{\frac{1}{R_{con}} + Y_{0con}(j\omega)^{n_2}} + \frac{1}{\frac{1}{R_{ct}} + Y_{0dl}(j\omega)^{n_3}} \quad (4)$$

$$Z_3 = R_s + \frac{1}{Y_{0LBL}(j\omega)^{n_1} + \frac{1}{R_{por} + \frac{1}{Y_{0con}(j\omega)^{n_2} + \frac{1}{R_{con} + \frac{1}{\frac{1}{R_{ct}} + Y_{0dl}(j\omega)^{n_3}}}}} \quad (5)$$

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
