Correction: Removal of dyes by a novel fly ash-chitosan-graphene oxide composite adsorbent

Guanghong Sheng,*ab Shuang Zhu,a Shisheng Wanga and Zhiyu Wanga

Correction for 'Removal of dyes by a novel fly ash–chitosan–graphene oxide composite adsorbent' by Guanghong Sheng et al., RSC Adv., 2016, 6, 17987–17994.

The authors regret that an incorrect chemical structure for chitosan was depicted in Scheme 1 of the original article. The amended version of this image is shown below.

Scheme 1 Preparation process of FCGO adsorbent.

Additionally, the units for the Q_e values in Table 3 of the original manuscript should be "mg g^{-1} " rather than "mg L^{-1} ", and the units for ΔS^0 in the **Conclusions** should be "J mol⁻¹ K⁻¹" rather than "J mol K⁻¹".

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
