Expression of concern for 'Synthesis of a monodisperse well-defined core–shell magnetic molecularly-imprinted polymer prior to LC-MS/MS for fast and sensitive determination of mycotoxin residues in rice' by Mi-Cong Jin *et al.*, *Anal. Methods*, 2017, 9, 5281–5292.

*Analytical Methods* is publishing this expression of concern in order to alert our readers that we are presently unable to confirm the accuracy of the image presented in Fig. 3f of this *Analytical Methods* paper.

We have contacted the Ningbo Municipal Center for Disease Control and Prevention to request an investigation into the validity of the published figures and this notice will be updated when a conclusive outcome is reached.
