Correction: Heparin-induced tau filaments are structurally heterogeneous and differ from Alzheimer's disease filaments

Yann Fichou, Michael Vigers, Andrew K. Goring, Neil A. Eschmann and Songi Han*

Correction for 'Heparin-induced tau filaments are structurally heterogeneous and differ from Alzheimer's disease filaments' by Yann Fichou *et al.*, *Chem. Commun.*, 2018, **54**, 4573–4576.

The acknowledgements were inadvertently omitted in the published article and are reproduced below.

The authors acknowledge the National Institutes of Health (NIH) (www.nih.gov) (grant number R01AG05605) and the Tau consortium (tauconsortium.org). The funder had no role in study design, data collection and analysis, decision to publish, or preparation of the manuscript.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
