Correction for 'Neutron diffraction studies on the thermal expansion and anomalous mechanics in the perovskite-type $[\text{C}(\text{ND}_2)_3]\text{Me}^{2+}(\text{DCOO})_3$ [Me = Cu, Mn, Co]' by M. Viswanathan *et al.*, *Phys. Chem. Chem. Phys.*, 2018, DOI: 10.1039/c8cp01245h.

There are two errors in the published version of the manuscript. The first is in Section 3.2, in the paragraph beginning "Rietveld refinements were performed with two. . .". In the sentence beginning "No structural changes were. . .", the text "for the both these formates" should actually be "for both the compounds". The second is in the caption of Fig. 13. The CCDC numbers "840001-3,5" should actually be "840001,3,5".

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
