Correction for 'Beyond catalysis and membranes: visualizing and solving the challenge of electrode water accumulation and flooding in AEMFCs' by Travis J. Omasta *et al.*, *Energy Environ. Sci.*, 2018, DOI: 10.1039/c8ee00122g.

There was an error with some of the units in Table 2. For the both the anode loading (PtRu) and the cathode loading (Pt) the units should read “mg cm<sup>-2</sup>” instead of “mA cm<sup>-2</sup>”.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
