## Correction: Protection of COOH and OH groups in acid, base and salt free reactions

Xiaotao Zhu, a,b Bo Qian,b Rongbiao Wei, a,b Jian-Dong Huang and Hongli Bao\*b

Correction for 'Protection of COOH and OH groups in acid, base and salt free reactions' by Xiaotao Zhu et al., Green Chem., 2018, **20**, 1444–1447.

The authors regret an error in Table 3 on page 1446 of the original article, whereby the structure of compound 6q was wrongly displayed.

The corrected structure is shown below (Fig. 1):

Fig. 1 Structure of compound 6q.

This correction is supported by X-ray analysis of the crystal of compound 6q. The crystal data and structure refinement for 6q are shown in Table 1 below. All of the data match the compound (named  $\alpha$ -glucose pentaacetate) published in *Acta Crystallographica*<sup>1</sup> with the CCDC number 1320240.
