Correction for 'Design, synthesis and evaluation of cinnamic acid ester derivatives as mushroom tyrosinase inhibitors' by Zhaojun Sheng *et al.*, *Med. Chem. Commun.*, 2018, DOI: 10.1039/c8md00099a.

The authors regret that the name for compound 5g was incorrect in their manuscript (in the Abstract and Experimental section). The correct name for 5g should be (*E*)-2-acetyl-5-methoxyphenyl 3-(4-fluorophenyl)acrylate.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
