 Correction for 'Design, synthesis, and evaluation of bitopic arylpiperazine-phthalimides as selective dopamine D<sub>3</sub> receptor agonists' by Yongkai Cao *et al.*, *Med. Chem. Commun.*, 2018, DOI: 10.1039/c8md00237a.

The authors regret the following errors in their manuscript: in the Abstract, in the sentence beginning 'Molecular docking demonstrated...', 'Phe<sup>7.39</sup>' should be changed to 'Tyr<sup>7.35</sup>'. In section '2.4 Molecular basis of selectivity over D<sub>2</sub>R', in the sentence beginning 'Notably, the different orientations...', 'Phe365/429' should be changed to 'Tyr365/429'. In section '3. Conclusion', in the sentence beginning 'The different orientations...', 'Phe<sup>7.39</sup>' should be changed to 'Tyr<sup>7.35</sup>'.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
