Correction for 'Hydrazone–palladium catalyzed annulation of 1-cinnamyloxy-2-ethynylbenzene derivatives' by Kohei Watanabe et al., *Org. Chem. Front.*, 2016, 3, 979–984.

Regrettably, in the original article on page 981 the wrong name was provided for compound **4b**. The correct name of compound **4b** is 1-cinnamyl-2-phenylnaphtho[2,1-*b*]furan.

Moreover, some of the structures described in Table 2 are incorrect. The correct structures are shown below:

**3c** and **4c**: R<sup>1</sup> = 5-OMe (entry 3); **3d** and **4d**: R<sup>1</sup> = 4-Cl (entry 4); **3e** and **4e**: R<sup>1</sup> = 4-CF<sub>3</sub> (entry 5); **3f** and **4f**: R<sup>1</sup> = 4-COOMe (entry 6); **3m** and **4m**: R<sup>1</sup> = 5-OMe (entry 13).

Finally, some of the structures shown in Scheme 1 were also displayed incorrectly in the original article. A corrected Scheme 1 is shown below:

Scheme 1 Crossover reaction.

The original ESI was replaced by a correspondingly revised version on 13th July 2018.

The results of the research were unaffected by these errors.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
