Correction for 'Anisotropy of Co<sup>II</sup> transferred to the Cr<sub>7</sub>Co polynuclear cluster via strong exchange interactions' by Elena Garlatti et al., *Chem. Sci.*, 2018, DOI: 10.1039/c8sc00163d.

In the published article eqn (1) contained misprints. The correct form of the eqn is shown below:

$$\begin{aligned} \mathcal{H} = & \sum_{i=1}^6 J_{\text{Cr}-\text{Cr}} \mathbf{s}_i \cdot \mathbf{s}_{i+1} + J_{\text{Cr}-\text{Co}} \mathbf{s}_8 \cdot (\mathbf{s}_1 + \mathbf{s}_7) \\ & + \sum_{i=1}^7 d_{\text{Cr}} s_{z,i}^2 + \mathbf{s}_8 \cdot \left( R_{8,1}^{-1} \mathbf{D}_{\text{local}} R_{8,1} \right) \cdot \mathbf{s}_1 + \mathbf{s}_8 \cdot \left( R_{8,7}^{-1} \mathbf{D}_{\text{local}} R_{8,7} \right) \cdot \mathbf{s}_7 \\ & + \mu_B \sum_{i=1}^7 g_{\text{Cr}} \mathbf{B} \cdot \mathbf{s}_i + \mu_B \mathbf{B} \cdot \left( R_{8,8}^{-1} \mathbf{g}_{\text{local}} R_{8,8}' \right) \cdot \mathbf{s}_8 \end{aligned} \quad (1)$$

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
