Correction for 'Geometric frustration and compatibility conditions for two-dimensional director fields' by Idan Niv *et al.*, *Soft Matter*, 2018, DOI: 10.1039/c7sm01672g.

The authors regret the following errors in the original paper. In Section 2 of the original paper, an expression contained errors. The correct expression should read as follows:

$$\mathbf{r}_{uu} = \alpha_u \hat{\mathbf{n}} + \alpha \hat{\mathbf{n}}_u = \alpha_u \hat{\mathbf{n}} + \alpha^2 b \hat{\mathbf{n}}_{\perp} = \Gamma_{11}^1 \mathbf{r}_u + \Gamma_{11}^2 \mathbf{r}_v$$

$$\mathbf{r}_{uv} = \alpha_v \hat{\mathbf{n}} + \alpha \hat{\mathbf{n}}_v = \alpha_v \hat{\mathbf{n}} + \alpha \beta s \hat{\mathbf{n}}_{\perp} = \Gamma_{12}^1 \mathbf{r}_u + \Gamma_{12}^2 \mathbf{r}_v.$$

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
