Correction for 'Physical crosslinking of hyaluronic acid in the presence of phospholipids in an aqueous nano-environment' by Piotr Beldowski *et al.*, *Soft Matter*, 2018, DOI: 10.1039/c8sm01388h.

The authors regret the error in Fig. 10 in the original manuscript. The correct version of Fig. 10 is as shown below.

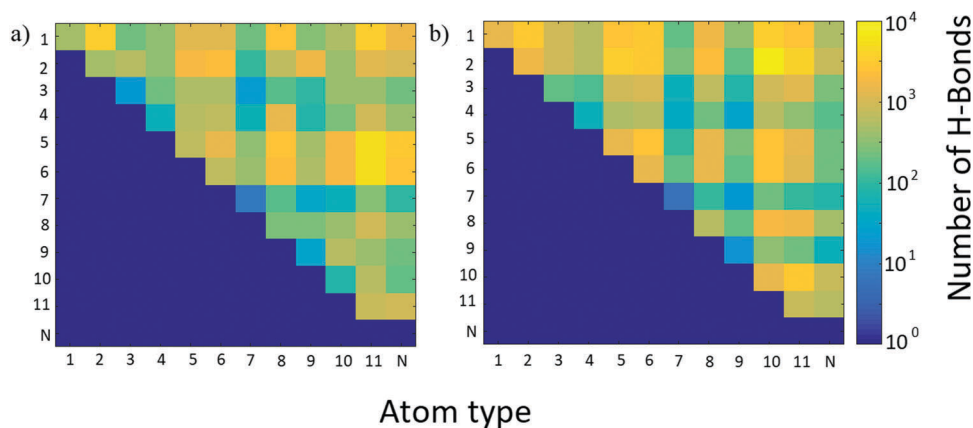

Fig. 10 Distribution of H-bond water bridges, N_{bridge} (created by a single water molecule) between oxygen atoms, where N_{bridge} is the total number of bridges created between classes of oxygen atoms: (a) bridges between NN, (b) bridges between FN.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
