Correction for 'A hypoxia-specific and mitochondria-targeted anticancer theranostic agent with high selectivity for cancer cells' by Mingxing Hu *et al.*, *J. Mater. Chem. B*, 2018, 6, 2413–2416.

The authors wish to point out an error in Fig. 3d of the published article where the word “ $\beta$ -action” should read “ $\beta$ -actin”. The corrected version of Fig. 3 is shown below (note that the figure caption remains unchanged).

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
